

action to make their chemical processes safer. For example, in the 37th district, of which I am a proud representative, the Joint Water Pollution Control Plant in Carson, California, a wastewater treatment plant, switched from using chlorine gas to liquid bleach disinfection. This legislation is already spurring companies to make important changes that will keep our country and our communities safer.

Mr. Chair, I could go on but it suffices to state that this legislation is a balanced and pragmatic response to a critical security need. And again, I want to thank Chairman OBERSTAR, Chairman THOMPSON, and Chairman WAXMAN for their leadership in crafting this extraordinary bill.

I support the Chemical and Water Security Act and urge all members to do likewise.

The Acting CHAIR (Mr. KRATOVIL). All time for general debate has expired.

Ms. EDDIE BERNICE JOHNSON of Texas. Mr. Chairman, as the designee of the chairman of the Committee on Homeland Security, I move that the Committee do now rise.

The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. TIERNEY) having assumed the chair, Mr. KRATOVIL, Acting Chair of the Committee of the Whole House on the State of the Union, reported that that Committee, having had under consideration the bill (H.R. 2868) to amend the Homeland Security Act of 2002 to extend, modify, and recodify the authority of the Secretary of Homeland Security to enhance security and protect against acts of terrorism against chemical facilities, and for other purposes, had come to no resolution thereon.
